**IT MAY SAVE YOUR LIFE**

The manufacturers have yet to hear of a single case of Dyspepsia or biliousness, when ZOFERA was used as directed, in which it was not more than satisfactory.

Many write that it is a wonderful remedy. We can show where as high as 40 pounds were gained by its use in breaking up chronic Biliarrhoeas and Dyspepsia. Its friends increase very fast, and all who use as directed are surprised and gratified.

**THE BLUES.**

We get many letters from druggists stating pleasant results from customers of Billou's temperamentals having used ZOFERA. Those subject to depression or

low spirits, caused by indigestion or Liver troubles will be surprised how rapidly and pleasantly it acts. It corrects the secretions, strengthens digestion. Usually a 10 cent sample convinces one of its value.

WHAT THE TRAVELLER LEARNED AT STUN.

The shadows grew and deepened round me. I feel the dew fall in the air.

The morning at the following clock, I hear the night thrush call to prayer.

The evening wind is soft with farewell, And living hands outstretched to mine.

What face shall smile, what voice shall greet? As from the light shadows behind me.

What thought shall come, what light shall shine? What word shall come, what light shall shine?

I think from unremembered glory, I find the myriads of dead men.

Give me the light of the dead men, Give me the light of the dead men.

He will not let me, my mortal partner, Who is my brother and my friend.

## THE COUNCIL IN ACTION.

It is difficult to contemplate with patience

the attitude of the Council in forcing the

withdrawal of Alderman Dickson's motion

for the appropriation of a sum of money

(probably \$2,000) towards the preliminary

survey for the extension of the Midland

railway to the terminus of the north-west

country. The amount asked is the only

contribution towards the cost of the

survey that we cannot understand the

objection of the Aldermen to making the

appropriation. It is to be hoped that they will

long take a practical and reasonable view

of the situation.

## THE LUNDS AT.

The Orilla Post—a temperance paper

—has the following pertinent remarks:—

"In denouncing the McCarty Act, as in

other matters, the City of Belleville has

adopted the Globe position that 'the people

will believe anything.' We are of a different

opinion, however. Observant readers

only smiled when told that the Professor

Foster who had been indicted as an

advocate of the Scott Act, was a lame

and impotent speaker in Parliament. The

twaddle about Sir John Macdonald's 'new-born

and impotent' will only recall to the

facts that he not only voted for the

Scott Act, at the time Mr. Anglin left

the chair to address the House in opposition

to that measure, but that he promised a

parliamentary amendment prior to the

Pacific Slander; that his language was

contained several restrictions not em-

bodied in the Criminal Act, and that

he has never either voted against

prohibition, or refused to assist

Parliament or any member thereof in fram-

ing a measure for the promotion of temper-

ance. Those who complain of 'Sir John's

diffidence' in bringing forward the measure

can learn something by looking at the

record of Mr. W. E. Dickson, who has

not introduced a local option law through

the House has repeatedly voted in favor of

the principle, and he has as often promised

a measure. The statement that the admi-

nistrative features of the bill reported by the

Committee were eliminated by the House is

the dictation of the licensed victuallers is

a strong testimony from the Opposition that

the Committee did its work well; and

it is only necessary to add that most of the

changes made were opposed by the Victual-

lers."

## THE LIFE AND TIMES OF THE

RIGHT HON. SIR JOHN A. MAC-

DONALD.

No book that has been published in

Canada for many years has attracted more

attention than the large, neatly printed and

handsomely bound volume of 635 pages

which Mr. J. E. Collins, publisher, and the

Ross Publishing Company, of Toronto,

have jointly given to the public. This

commemorative has been solely owing to the

chiefly the subject of the work, which

deals with the career of Canada's

most statesman. The book has been praised

and received very freely by different

reviewers, and whilst the praise has been

from Conservative and Independent

sources, the measure has been confined

to the Liberal press. The author, in his

preface, admits that his work was heavily

performed, and certainly there is much in

the book to show the necessity for such an

apology. While fault has been found, and

whilst we strongly prize against his

views on the subject of Canadian National-

ity, yet on the whole the book is a very

readable one and ought to be in every

circulation. It is timely, too, as correcting

several misstatements which the Hon. Mr.

Macdonald made in his recently published

Life of Sir John George Brown.

The book is sold by subscription, and the

local agents are: Mr. G. W. Sizer for Bel-

leville and Sidney, and Mr. J. A. Wheeler

for Thorvald and Tynesburg.

THE FERRY.

THE MOWAT GOVERNMENT.

The Mowat Government are playing their old game of delay in connection with the matter of the ferry between Belleville and Amherstburg. In response to very numerous signed petitions from the residents of Belleville and of Prince Edward, praying for the issue of a second license to the City, they have refused to grant the prayer of the petition should be granted. The supporters of the petition and its opponents were heard before the members of the Government several weeks ago, but no decision has yet been given. Meantime the City Solicitor has, we are informed, written two letters to the Government on the subject, and Mr. Sills, M.P.P. elect for West Hastings, has also written two letters to them on the subject, but the courtesy of an acknowledgment of their communications has not been vouchsafed them.

As Messrs. Mowat and Crooks are in England, it is not probable that the question will be settled until the return of the former. Thus are the interests of Belleville and of the Ontario Government. Contrast this conduct with that of the Dominion Government.

EDITORIAL BRIEFINGS.

The Kingston *Whig* says, in an article appearing at the post given to the Editor Inspector to increase the salaries of Gaolers:

The Hastings Council has had similar experience. In attempting to increase the salary of the Gaoler, it was defeated by refusing him a fair salary was a failure.

The *Whig* has been wrongly informed. The Hastings Council did not increase the salary of the Gaoler. The remuneration was the same as that of his predecessor. The Gaoler whose salary was raised by the then Inspector, against the wishes of the Council, was an appointee of the Mowat Government. It was the action of Mr. Langmuir, who at that time filled the office of Inspector.

In addition to the list of election trials previously published, the following have been added:—West Lambton, to be tried at Sarina on the twenty-fifth of August; North Victoria, at Lindsay on the sixth of August; South Norfolk at Simcoe on the fourth of August; and East York at Toronto on the twenty-eighth of August, all before Justice Burton and Galt. These cases added to the previous list form a full and complete list of election trials.

The Brockville *Times* says:—"The Recorder never permits an opportunity to pass without having a ring at the Hon. Mr. Bowell. The Minister of Customs has been again and honored by the electors of North Hastings. Undeared and unassisted, he won his way to one of the highest positions in the gift of the people. As a departmental officer, he has been a superior in Canada; this is almost universally conceded by his political opponents best fitted to judge. He is an able officer, an admirable administrator and an economist in the best sense of the term, and can well afford to laugh at the importunate assiduity of a journalist who gets snarled from a well-merited ostentation which he received from Mr. Bowell when that gentleman occupied an editorial chair. The laughing must have been vigorous, also the snarl would not remain after so many years."

THE BASIS OF SEPARATION.

How Trenton Will Come to be a Part of the County.

The joint Committee, upon whom devolved the settlement of the differences arising out of the separation of the town of Trenton from the County of Hastings, met yesterday afternoon, in the Shire Hall.

Mr. Aylsworth, the chairman, stated that the County Committee had desired Mr. Willis to obtain some necessary statistics, but on account of a mistake of the date of meeting and the difficulty to talk what was required, but had been done in the direction desired.

Mr. Richardson said he felt that Trenton should part amicably from the County, and thought that the Trenton should have all the money it had paid to the County for roads and bridges, though it had used both. He suggested that Trenton be allowed to separate from the County on the following basis: Trenton to pay to the County \$500 for the administration of justice and the use of registry office, and that Trenton pay its pro rata share of the debt of the County, the bridge at Trenton to be the property of the County. In addition he thought that the County should pay Trenton something for the use of the High School.

Mr. Aylsworth said he had to leave the schoolmaster out of the question just now, as it could not come up before the arbitrators, and therefore should not be dealt with by the Committee.

Mr. Willis said the debt of the County amounted to \$166,019; against that we have about \$66,000, showing a debt of about \$100,000.

Mr. Richardson said his proposition amounted to this: as the amount of the debt was to be paid to the County, so should Trenton's share of the debt be to that of the County's.

Mr. Willis asked what equalization Mr. Richardson wished to set on; that of the year or that which would come in time.

Mr. Richardson said he proposed to use the equalization made in June this year.

Mr. Willis said that this year Trenton paid \$836 for the debt by law, and \$200, in 1882 \$300, and the same sum from that time up to 1882, after which there would be a reduction of \$66.30 in 1901, when the By-law would expire.

Mr. Richardson proposed to pay a certain sum annually until Trenton's proportion of the debt was paid.

Mr. Aylsworth put Mr. Richardson's proposition in this way: An equalization of \$12,000,000 over \$100,000; how much should \$420,000 pay?

Dr. Moran suggested that Trenton should pay its pro rata share of the indebtedness in whatever way its Council might deem best.

Eventually Mr. Richardson presented the following resolution:

That the town of Trenton separate from the County of Hastings be as follows: Trenton to pay annually \$600 for the next five years, for the administration of Justice, Jury law, use of Court House and Gaol, and registry office; and also to pay annually such sum as may be required to pay interest and sinking fund on the share of the debt of the County, made up on the 31st of December this year, and based upon the equalization of the County made at the June session of the present year. Trenton to be allowed to pay her share of the debt at such date as the Trenton Council may by law decide, but not to exceed five years' time, the next decision is made within the next five months.

The County property within the Town of Trenton to become the property of the town, and Trenton to relinquish all right to any County property outside the limits of the town.

Dr. Moran seconded the motion, which was put and carried.

It was decided to present the matter to the County Council, to draw up the necessary legal documents, to give effect to the resolution; after which the meeting adjourned to the first of August.

The first handicap shooting contest of  
the Hastings Rifle Association, will take  
place on Monday next. The range is in  
the capital, and with favorable weather  
some excellent target hitting may be expect-  
ed.

An all-around truck the large bill  
board at the intersection of the Canfield  
and Station Roads this morning and level-  
led. The necessary repairs were made  
and the board was in its former place in  
short order.

Michael and Thomas Lally were yester-  
day committed for trial for housebreaking.  
Both were indicted on a charge of \$100 each.  
The first named pleaded \$200 and Mr. P.  
Fitzpatrick became surety for Thomas in a  
like sum.

Napoleon Express says: "The trunk  
telephone line is completed half way to  
Napoleon from Kingston. Mr. W. M. Wilde,  
of Belleville, the superintendent for this  
section, was over the line this week and  
made a couple of days' run."

HARRY is now drawing the final article  
of bitter Ale offered in years.

At a meeting of the Directors of the  
Belleville Opera House Company, held  
yesterday afternoon, the following officers  
were chosen: President, Mayor Lingham;  
Vice President, W. H. Biggar; Secretary,  
W. N. Ponton; Treasurer, U. E. Thompson.

The plan which Mr. Wm. Johnson was  
arranging to be held on July 13th, was that  
of the Bridge Street Methodist Sunday  
school, which is the Superintendent  
—not a plan for the pupils of the Public  
Schools, as erroneously stated in yesterday's  
issue.

This U. J. R. division of the Midland  
Railway will carry passengers wishing to  
see the race here on the 10th and 11th, at  
one fare, up to and including the 13th.  
This is indeed a generous act, and will, we  
hope, lead to many coming to witness the  
events.

The police heard from the Babcock  
family on North Coleman street last night,  
as they were sent for. The Babcocks in-  
dulged in a general fight and made things  
interesting for a time, but when the officers  
came, all was calm, peaceful and serene.

HARRY's home-made Ginger Beer is now  
in demand. He warrants the article pure  
and unadulterated. This home-made Beer  
with a slice of lemon is certainly a delicious,  
wholesome, and refreshing beverage. Try  
it, and be convinced. Ask for a new Ginger  
Beer—but get to Harry's to get it.

The negotiations for the sale of the  
Rathbone property at the foot of Front  
St. to the Midland Railway are still going  
on. A gentleman who knows the true in-  
wardness of matters connected therewith  
said this morning, "The sale is nearly but  
not absolutely closed."

Mr. H. ASHLEY has now three projects  
in view, one of which will result in the es-  
tablishment of some industry. His project  
(the Victoria Foundry) is well adapted for  
a large manufacturing, and it is probable, some  
industry will be begun there shortly. He is  
mastering a scheme which will be laid be-  
fore the City Council.

The congregation of the Bridge street  
Methodist Church are requested to meet in  
the Sunday School room, on Monday morn-  
ing, July 1st, for the purpose of holding  
good-bye to Dr. Jeffers and welcoming the  
new pastor, Rev. Mr. Clarkson.

The model awarded Miss Marie Mackle  
of this city, at the recent examinations at  
Loretto Abbey, Toronto, was for superiority  
in French and Music and Pedagogy in the  
School of Music. The model is a very pretty  
one. It is gold, suspended from a bar by  
three links and on its surface is the inscrip-  
tion: "Awarded to Miss Marie Mackle, for  
superiority in French and Music and Pedagogy  
in the School of Music, Loretto Abbey, Toronto,  
June 1883." The model is neatly chased and  
ornamented and is highly valued by its  
recipient.

The Montreal Journal of Commerce  
says: "The late disastrous fire in Stirling,  
Ont., has resulted in serious loss to some  
of the leading merchants of the town. The  
dry goods firm of Miles & Co., who are  
rated high, and have always borne a good  
reputation, are forced to seek a com-  
promise with their larger creditors at 70c  
on the dollar, and there seems every  
probability that the firm will be sold for  
some \$32,000. Mr. E. F. Parker, another  
dry goods man in the place, is also a heavy  
loser, but is thought that he will be able to  
pay in full."

Miss Marie Lynch, daughter of Mr. P.  
Lynch, who has been attending the Lo-  
retto Academy at Lindsay, has been very  
successful in her studies. At the recent  
examinations she was one of three deemed  
worthy of Public Lynch's prize for an essay  
written on the occasion of Bishop James's  
visit. Miss Lynch won the late Father  
Stanford's silver medal for superiority in  
French at the international examination of  
June, 1882, also gold medal "No. 1" grad-  
ing class for general good conduct, superiority  
in English and mathematics and honorable  
distinction in French. The valedictory  
poem written by Miss Lynch, was read by  
Miss Lynch.

What is going on around and about us.  
The Brighton agency of the Standard

It is reported that a Catholic paper (week-

The Deseronto Star says expects to make  
its appearance on Dominion day.

There are now thirty-five miles of the C.

The amount of work at the R. C. plant at

This year the eighteenth Provincial Bas-

Three attempts at burglary were made in  
Brighton on Friday last, but the burglars  
realized but twenty cents.
